INTRODUCING FRONT LOAD WASHERS WITH **POWER STEAM[®]**

Gentle + tough cleaning for all your clothes with our unique **2x Power Dual Steam Cycle** that's more hygienic than handwashing!

1x At the start of the wash cycle, steam eases out dirt and gets rid of hidden germs.

2x The wash cycle ends with gentle waves of steam softening the fabric's fibres.

99.99% germ-free, soft clothes

CRADLEWASH[®]

Do you hand wash your delicates?

Go on! Put them in the machine, it's safer than hand washing. Cherish your specials with CradleWash[®] —India's first wash program for delicates.

AQUA ENERGIE

Are there chalky marks on your dark fabrics?

They are caused by hard water and can be easily taken care of by the Aqua Energie feature, which filters out calcium build up, enabling better detergent action and preventing fading.

3D/4D WASH

Is the detergent not mixing well with water?

Water from 3 different directions showers your fabrics and ensures proper dissolving of detergent. And if you want it faster, our 4D Wash does the same thing even quicker!

TIME SAVER

Clothes not too dirty? A shirt you wore for a little while? Gym clothes?

Use this program—it reduces wash time by 45%, protects your fabrics from over washing and saves water, power, detergent and time.

INTRODUCING TOP LOAD WASHERS WITH
 **POWER STEAM[®]**

99.99% germ-free
Hot wash up to 60°C

with
STAINFIGHTER[™]
Fights 44 types of tough stains

SUPERIOR WASH ACTION

A GOOD WASH IS A RESULT OF 3 THINGS—
SOAKING, WASHING & RINSING

**3D
WASH**

Uniform Soaking
and Rinsing

**360°
BI-AXIAL
ROTATION**

Tangle Free Wash

**TRIADIC
PULSATOR**

3 Step Wash Action
Scrub. Swirl. Punch

CRESCENT MOON DRUM

Creates a gentle water cushion during the wash cycle, absorbing the washing machine action and preventing fabric damage.

BIG DRUM

A larger drum ensures clothes move freely, preventing tangling and wrinkling.

EXTRA LARGE LINT FILTER

3X times better than the competition!

We deliver a lint-free wash. The filter also prevents lint from being drained into the water stream.

INBUILT WHEELS

No trolley needed!

The built-in wheels help in ease of mobility—just tilt the machine and move it!

LOW PRESSURE WATER FILL

Don't let water pressure stress you out!

IFB's lower water pressure fill technology allows the machine to run even if the water pressure is low.

AUTO RESTART

Power cuts?

No problem, as the IFB machine will resume working exactly from where it stopped.

FUNCTIONAL, CONVENIENT AND RELIABLE AT HEART

AUTO IMBALANCE CONTROL

A machine that balances itself!

If the clothes in the drum are not balanced, the sensor detects it and rearranges them till the load is balanced.

VOLTAGE PROTECTION

No shocks for you!

If the voltage goes beyond 270 V or below 150 V the machine goes into standby mode, resuming as soon as the voltage is within safe operating limits.

SMART SENSE

A machine that does the math

Automatically detects the fabric of the load and adjusts the time and water settings. Get an optimum wash and save!

AUTO DIAGNOSIS

A quick fix for non-stop washing

If there is a fault, the error code flashes on the screen. Check the error code on the IFB App for easy troubleshooting. If the issue is not fixed, register a service call directly from the app.

IFB Kitchen Appliances celebrate Indian life by bringing together food, culture and family. They uncompromise on hygiene and elegance and are a welcome addition to any kitchen. Ergonomically designed IFB Built in Hobs offer single hand operation, minimising spills and splashes for a cleaner kitchen counter. Protect your family from respiratory issues with IFB Chimneys, perfect for removing smoke, odours and hazardous gases from your home. Enjoy the safety and energy efficiency of IFB Built in Ovens, which make baking, roasting or grilling a piece of cake!

CHIMNEYS

ZONAL EXTRACTION

Air intake is not trapped by oil in filters, thus reducing pressure and enhancing air inflow. Both or either of the motors can be used while cooking.

AESTHETIC FINISH

Made of glass and stainless steel, these chimneys look stunning in any kitchen.

HAND SENSOR WITH FEATHER TOUCH

Switch ON the chimney using gesture or touch controls. Avoid touching it with greasy hands.

WARRANTY

POWERFUL MOTOR

Exhausts larger volumes of air, enabling better suction of odours, fumes and heat during deep frying to keep kitchen air fresh.

HEAT CLEAN WITH OIL COLLECTOR TRAY

An inbuilt heater enables trapped oil to drip into a tray, ensuring smooth performance without having to clean the filter frequently.

DOUBLE DUCT COVER

Better Aesthetics. Enables enhanced appeal during the ducting process.

UNIFORM LIGHTING

High grade LEDs light up the area under the chimney, where the room lighting is dim.

DELAY SWITCH OFF TIMER

Keeps the kitchen Smelling Fresh. After switching OFF, the chimney stays on for 1 minute to remove any lingering food odour.

AIRFLOW INDICATOR

Monitors and displays the chimney's airflow.

DIGITAL CLOCK

Displays time of day, enabling precise cooking durations.

RECIRCULATION

Perfect for homes where air cannot be vented through a duct. An additional carbon filter absorbs pollutants and the fresh air is recirculated.

BUILT-IN-OVENS

SUPER GRILL

Enables cooking of exceptionally crispy meat dishes, especially poultry.

POWERFUL FAN

A 6-blade fan circulates hot air inside the oven.

13 PROGRAMS

Specially designed cooking program for grilling, roasting and baking.

TURBO HEATER & FAN

The turbo heater and fan (ring heater) generate hot air that gently circulates inside the oven.

GLASS THERMAL INSULATION

Three glass layers, including an inner thermo-reflective glass, ensure the front glass is cool to the touch.

CLEAR GLASS DOOR WITH STAINLESS STEEL RIM

An aesthetic design enables monitoring of cooking without opening the oven door.

REMOVABLE TRIPLE GLASS

An easily removable clip makes cleaning the inner glass easy.

FAST PRE HEAT

Starts at the perfect temperature. Instant preheat with superior heaters for efficient cooking results.

ROTISSERIE

Enjoy roasts and grills with the same authentic flavour of dishes slowly turned on a wood fire.

SIDE LADDERS

Chrome side ladders securely hold baking trays and enable easy removal. They can be easily disassembled and washed.

360° TRUE CONVECTION

IFFB FASTCOOL

THE HEAVY DUTY AIR CONDITIONER

7 STAGE AIR TREATMENT

Did you know that indoor air is 2.5 to 5 times more polluted than outdoor air? Sprays, dust, microbes, odours and so many more pollutants are found in indoor air. That's why you need thorough filtration. Our unique 7 Stage Air Treatment removes smoke, dust, chemicals, gases and micro organisms from indoor air while infusing it with Vitamin C and a selection of aromas. Give your home a fresher feel!

*In select models only ** Optional

SMART AC—FULL CONTROL ANYTIME, ANYWHERE

On your way back from work and want to return to a cool room?
